Accomplishments:

I was able to finish up my sped talk and work a little bit on how some of the features are going to work.

Challenges:

Staying on schedule is a challenge, but over-all we do have a good amount done. Using time more wisely for next week is a need I'll make sure good progress is made with the project.

Plans / Goals for next week:

Continue meeting and checking in with Ammon and to set designated time slots for next week to work on the project.

Accountability plan: (What is your plan to keep yourself honest and follow through with the goals that you have outlined?)

Working in a team has motivated me to continue on.

Other comments:

This project may be something really awesome.
